Contact

Phone	Email
0987654321	name@gmail.com

Sample Code:

```
<!DOCTYPE html>
<html>
  <head>
    <title>replit</title>
  </head>
  <body>
    <h1>Resume</h1>
    <!--include about your image link after uploading the image-->
    <img src="image.png" alt="profile" width="50px" height="50px"></img>
    <!-- Enter your name-->
    <h4>Your Name</h4>
    <p style="color:blue">Interests</p>
    <ul>
      <li>Drawing</li>
      <li>Photography</li>
      <li>Design</li>
      <li>Programming</li>
      <li>Computer Science</li>
    </ul>
    <p style="color:blue">Skills</p>
    <ol>
      <!--if needed more Skills can be added in the list-->
      <li>Web Design with HTML</li>
      <li>JavaScript</li>
      <li>React JS</li>
    </ol>

    <p style="color:blue">Education</p>
    <table border="1" width="30%">
    <!--Header row-->
    <tr>
      <th>Education Type</th>
      <th>Name</th>
      <th>Website</th>
      <th>Grade</th>
    </tr>
```
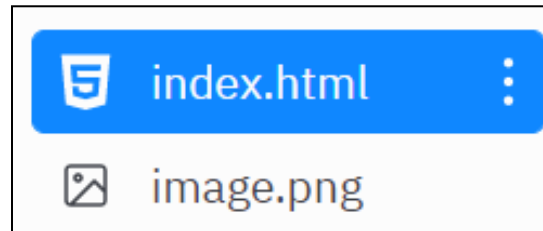

```html
    <!--Data row 1-->
    <tr>
      <td>School</td>
      <td>School Name</td>
      <td><a href="https://kvsangathan.nic.in/" target="_blank">School
name</td>
      <td>A</td>
    </tr>
    <!--Data row 2-->
    <tr>
      <td>UG</td>
      <td>College Name</td>
      <td><a href="https://kvsangathan.nic.in/" target="_blank">college
name</td>
      <td>B</td>
    </tr>
  </table>
    <p style="color:blue">Contact</p>
    <table border="1" width="30%">
    <!--Header row-->
    <tr>
      <th>Phone</th>
      <th>Email</th>
    </tr>
    <!--Data row 1-->
    <tr>
      <td>0987654321</td>
      <td>name@gmail.com</td>
    </tr>
  </table>
  </body>
</html>
```

NOTE:

- The image needs to be added to the folder and the relative path of that image needs to be included as the value of the *src* attribute of the *img* tag.
